Welcome to AMC Drug Testing

Welcome to AMC, your complete employee screening resource. AMC has been providing pre-employee screening services, including drug testing, alcohol testing, onsite drug testing and employee background checks nationwide since 1993. We offer the convenience of a full range of services. Whether it's designing and implementing a complete Employee Screening Program for a Fortune 500 Company (to include Employee Background Screening and a comprehensive Drug Testing and Alcohol Testing Program), developing a Department of Transportation Drug Testing and Alcohol Testing Program for a trucking company, or providing Employee Background Check services for a small company, AMC can deliver. Why contract with multiple vendors when AMC can be your one stop shop for all your Employee Screening needs.

DRUG AND ALCOHOL TESTING PROGRAMS

Alcohol and drug abuse are widespread problems in our society, and it affects us all in many ways. Although national, state and local efforts have begun to show encouraging results, the problem of alcohol and other drug abuse remains a serious issue.

No workplace is immune. According to the U.S. Department of Health and Human Services, almost 73 percent of all current drug users ages 18-49 are full time or part time employed – more than 8.3 million workers.

Employers who think alcohol and other drug abuse will never be a problem in their workplace should consider this: Job applicants who can't pass drug tests or alcohol testing tend to apply to companies that don't require workplace drug testing

AMC offers the most comprehensive Drug Testing and Alcohol Testing services in the industry. We can assist your company with workplace drug testing, including onsite drug testing and alcohol testing, or create a customized substance abuse program to meet your company needs including federal requirements, when applicable. Our testing services include drug tests such as urine drug testing, hair follicle testing and instant screening results.

BACKGROUND SCREENING PROGRAMS

There are many reasons to perform a pre-employment background check on every new employee. According to the US Department of Commerce, 30 percent of business failures are due to poor hiring practices.

Annual losses generated by poor hires, absenteeism, drug abuse, and theft amount to $75 billion per year. Negligent hiring lawsuits are one of the fastest growing trends today that end in million dollar settlements.

Internal employee related theft is 15 times greater than external theft.

A leading business publication reports that 34 percent of all job applicant applications contain lies regarding experience, education and the ability to perform essential functions of the job. Pre-employment screening can identify these people before they are hired.

Don't let your company fall victim to these pitfalls by performing a pre-employment background check on potential employees. Choose from one of our pre-employment screening packages or let AMC customize an employee background check package that fits your individual hiring needs.
